Florida Phosphate Committee of Continuous Existence

In late November 1979, the Florida Phosphate Committee of Continuous Existence (FPCCE) was organized to encourage phosphate industry participation in government and key political issues. Additionally, the FPCCE would provide a source for contributing campaign funds to candidates in the state of Florida.

Initially, the FPCCE's membership included only phosphate industry companies. Then, in 1983, the FPCCE extended its membership base to include Associate Members, i.e., companies providing supplies and services to the phosphate industry. Associate Memberships enhance the FPCCE's impact in Tallahassee by providing "Strength in Numbers."

Today, the committee has three phosphate Member Companies (CF Industries, Mosaic and PCS Phosphate – White Springs) and approximately 60 Associate Member companies with the commitment to contributing over $500,000 in this election cycle.

Working closely with their lobbyists in Tallahassee from the three phosphate member companies, the FPCCE strives to promote a stronger relationship between industry and government officials.

We thank you for your support and for participating in a united industry effort.
